HAZARDOUS WASTE SURVEY

As part of your initial survey of the house, please note all hazardous waste products you observe on the property. If there is hazardous waste, you can help the homeowner to safely have it removed free of cost by taking the following steps:

1. **Complete and have your homeowner sign the top portion of the Alameda County Hazardous Waste Deliver form.** PLEASE DO NOT NAME THE SPECIFIC ITEMS OR LIST QUANTITIES ON THE ALAMEDA COUNTY FORM. Return the signed form to the Rebuilding Together office alone with this form.
2. **Determine the answers to these questions:**
 - Estimated gallons/pounds of hazardous materials _____
 - Are the containers intact or are they leaking or corroded? _____
 - Are fumes present? **Yes** **No**
 - **15 Gallons or 125 lbs or less** of hazardous waste.
 - ❖ Please take a photo of the items (you may group them together for the photo if the containers are intact)
 - If you have **more than 15 gallons or 125lbs** of waste, please check here:
 - No containers for waste must exceed 5 gallons or weigh more than 125 lbs. (So 5 single gallons of milk jugs would be OK, but not a 5 gallon jug or greater)
 - **IF ANY OF THE FOLLOWING IS AT THE JOB SITE PLEASE DO NOT MOVE IT AND CONTACT THE RT OFFICE.**
 - ❖ Explosives, such as grenades, fireworks, guns, shells, dynamite.
 - ❖ Mysterious substances - such as ether in a jar, or medical waste.
 - ❖ Bio-hazardous materials, such as human or animal waste or bodily fluids.
3. All materials must be packaged in sturdy, non-leaking, closed containers. If you have a leaking container, place it in a larger container (such as a plastic bucket available from paint stores); include the original label or a note with as much information as possible about the material and its ingredients.
4. **Do not mix different wastes in the same container**
5. Place the materials upright in your vehicle; for safety, we recommend placing materials in boxes in your vehicle's trunk. Pack the materials so they will not slide, tip over, spill or break during transport.

Please return this completed form to the Rebuilding Together office
(732 Gilman Street Berkeley, CA 94710) or fax (510-644-6213) within one week of completing project.
